

Bolton's Fund Digital Inclusion Fund is aimed at community groups across Bolton to meet one of the following outcomes;

1. Improve people's confidence in using digital technology
2. Demonstrate they are reaching people who have difficulty accessing digital technology. In particular, older people, women and disabled adults.
3. Improve people's lives as a result of improving their digital skills.

Or, this funding may also be used to improve access to, or confidence using digital technology for groups and organisations working in Bolton by meeting one of the six Bolton's fund priorities.
