

# Co-design in Bolton

## What is Co-design?

Co-design involves people coming together.

Those people have a vested interest in creating something new, which works better or achieves a desired outcome.

The people are all equally valued, involved and rewarded at each stage. The outcome benefits everyone involved.

## Why Co-design?

Co-design Generate great ideas with real social value and develop initiatives with the people involved at the heart. Co-design can:

- Create better cooperation between different people or organisations, and across disciplines
- Have the opportunity to be creative, optimistic and experiment!

## Who can Co-design?

**Bolton!** From community groups taking social action, local businesses supporting neighbourhoods and charities delivering services, to health care commissioning and service re-design.

The Bolton Locality Plan calls for co-design to support creating a healthy and vibrant Bolton.

People with listening ears, helping hands, hearts, and a commitment to walking in others shoes are already on the co-design journey!

## How do I co-design?

Bolton CVS deliver monthly co-design training at The Bolton Hub, we can also come to you and deliver bespoke briefings, training and offer guidance.

There are online resources available to including:

- Co-design Case Studies
- Guidance and Checklist Toolkit
- Bolton Locality Plan animation
