

Bolton's Fund Supporting Social Enterprise

Successful projects must achieve one or more of the following outcomes:

1. Improve access to enterprise skills and training opportunities for social enterprises in Bolton.
2. Improve the impact of social enterprises in Bolton.
3. Build community wealth by keeping the pound in Bolton.

The fund is particularly keen on work that will improve opportunities for people to move into training and employment. This includes support for individuals at any stage in their journey into employment.

However, the projects may address any of the Bolton's Fund high level priorities.
