

Summary of Awards

Bolton's Fund Round 12

Community Champions

September 2021

18 Awards

£55,165

Fund Priorities

This fund is designed to give people across the borough more of the relevant information they need to cope with Covid-19 and its aftermath, and, as we look to recover and rebuild, more of a voice in how decisions are made.

Making use of the public health expertise and resources of Bolton Council and its NHS partners, volunteer Community Champions will share easy-to-access information with local people. They'll be able to do this because of the vital quality they'll possess: they'll be trusted members of their community.

The aim is to have open and honest two-way conversations with communities in Bolton about the latest Covid-19 advice; to more fully understand the impact the pandemic is having on people's lives; and so, ultimately, to ensure that more effective decisions are made to help improve those lives.
